# SUMMER SOLUTIONS 2017

## *We've got your Summer Solution!*

Learning Solutions offers seven weeks of half and full day programs. Each week will incorporate games, recreational sports, outings, and themed team activities.

**Summer Solutions** encourages integration, with program open to siblings and community peers at a discounted fee.

Throughout the summer, with the exception of a few days, an indoor gymnasium and outdoor grass area are available for the program to utilize.

Our outings into the community are designed to engage groups in fun, collaborative problem solving and learning. Outings may involve a few games at the local bowling alley, checking out the comic book store, visiting the library, or purchasing a treat from a local store.

Experienced staff design structured, creative, and meaningful group opportunities throughout each day.

Activities include interest-based games and/or projects combined with support navigating the social world of expected behaviors.

Summer Solutions provides a FUN, supportive environment for your child(ren) to enjoy their summer break!
